WHAT IS DIGITAL LITERACY?

Digital literacy is the ability to find, evaluate, create, and communicate information using digital devices and the internet — responsibly and effectively.

- It's not just knowing how to use a phone or laptop
- It includes staying safe, thinking critically, and communicating professionally online
- Every student needs it — regardless of branch or background

TOOLS EVERY STUDENT SHOULD KNOW

Tool	What it's for
Google Drive	Store and share files from anywhere
Notion / Google Docs	Notes, assignments, collaboration
Canva	Design presentations and posters
GitHub	Store and showcase your code projects
Kaggle	Practice data science and ML
Google Scholar	Find research papers and references
Grammarly	Fix grammar in emails and reports

STAY SAFE ONLINE

Use strong, unique passwords for each account

Never share OTPs, PINs, or passwords — with anyone

Check URLs carefully before clicking links in emails or messages

Avoid logging into sensitive accounts over public Wi-Fi

Enable two-factor authentication (2FA) wherever possible
